

# CEM Systems

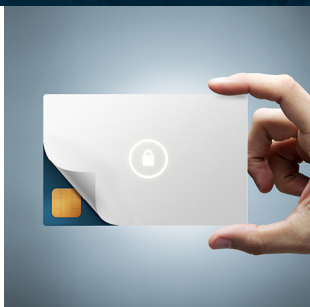

AC2000  
AIRPORT

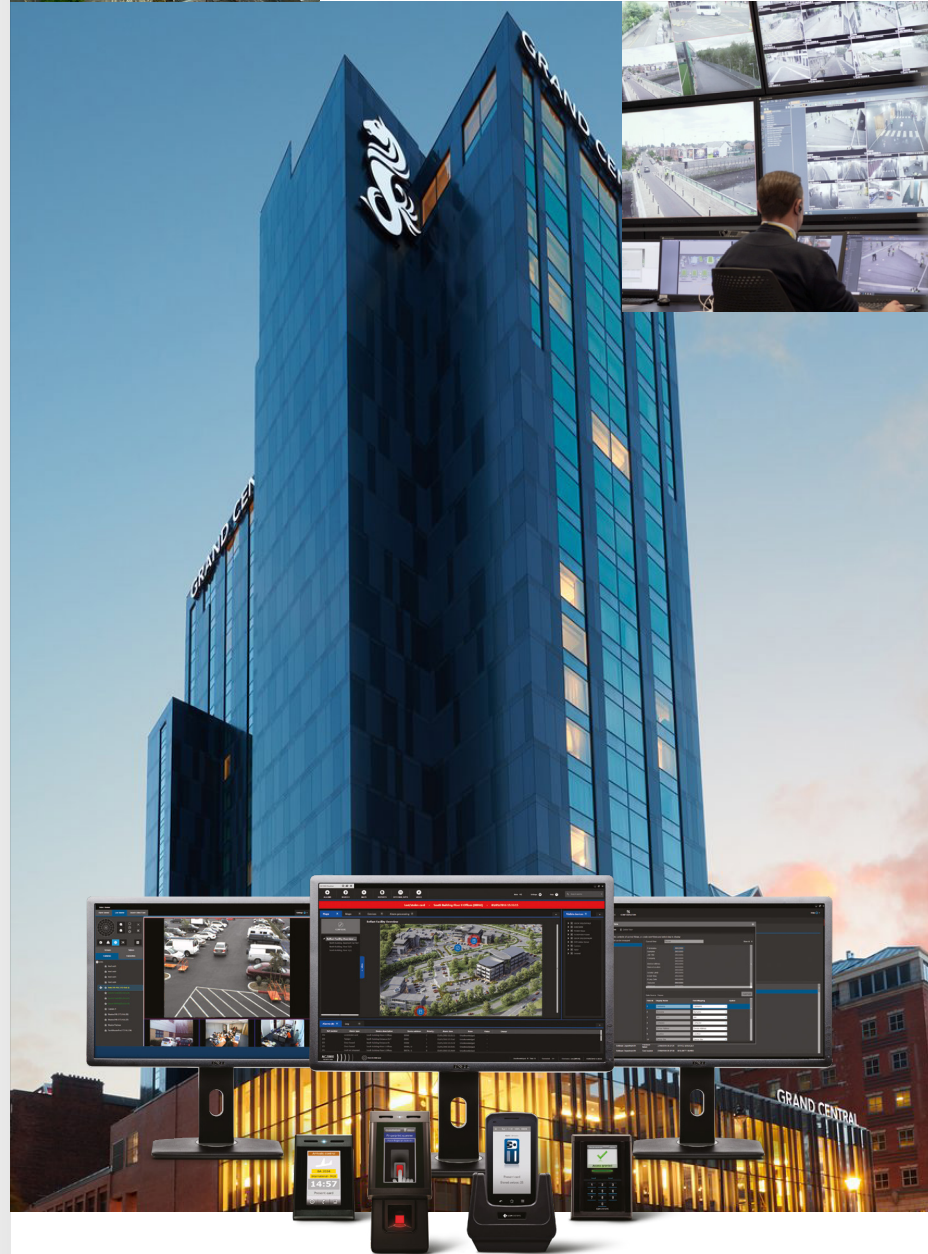

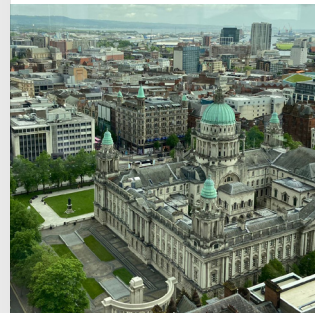

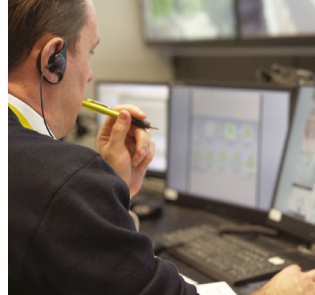

## AC2000 AVIATION USER GROUP

Tuesday 25th to Wednesday 26th October 2022

## RECONNECT WITH US

As a valued AC2000 Aviation User Group Member you are invited to join us to take part in the upcoming AC2000 Aviation End User event at the JCI head office, Airport Road West, Belfast and the Grand Central Hotel in the City Centre.

This is the first event to mark the beginning of the CEM Systems AC2000 aviation User Group Forum, where our airport customers can get some real facetime again and discuss with us their ever evolving security needs and operational challenges. The day will feature engaging breakout sessions and interactive demos on the below topics, as well as provide each airport with an opportunity for one-on-one meetings with the team to discuss your individual needs.

### Brief Itinerary

#### Tuesday, 25th October

- 9:00 ..... Delegate arrival & registration – JCI HQ Airport Road, Belfast
- 10:45 ..... Conference begins – Overview
- 11:15 ..... AC2000 v.11 software – demo & key features. Smart card migration, update on reader hardware & biometrics
- 12:30 ..... Lunch
- 1:30 ..... DEMOS of AC2000 integrations including: victor Video Management System with AC2000. Body worn cameras & multi-sensor cameras powered by Tyco AI & advanced analytics
- 4:15 ..... Conference Wrap up & Close
- 4:45 ..... Bus
- 5:00 ..... Grand Central Hotel check-in and dinner

#### Wednesday, 26th Oct 22

- 10:00 – 12:00 ..... Delegates gather at Grand Central observatory – Coffee / Pastries & Close
- Individual meeting slots with JCI team

Please note that JCI cannot cover travel costs to Belfast.

### What's covered?

- See the latest **AC2000 Airport Edition v11** software platform in action.
- Key management and **smart card migration** – PicoPass to Desfire EV3
- The latest **Cyber Security** measures to protect your system.
- CEM intelligent card reader updates with features for airports on display. Including emerald terminal BDRM for **intelligent boarding and gate management**.

### AC2000 integrations

- **victor Video Management System with AC2000**.
- JCI video cameras that are ideal for critical airport environments – including **body worn cameras and motorized multi-sensor cameras** with edge intelligence for the highest level of visual awareness within terminals and airside boundaries.
- Learn how you can utilise **Tyco Artificial Intelligence (AI)** and deep learning algorithms to help you create smarter, more preventative airport security environments.
- See **Tyco's radar** solution for fully integrated perimeter protection.
- **JCI Robotics and a new integrated Mail secure solution** that intelligently scans packages & post to protect against mail threats.

### Grand Central Hotel, Belfast

Grand Central hotel is located in Bedford Street, Belfast City Centre, approximately 6 miles from the JCI Belfast office.

For additional information on the resort visit [www.grandcentralhotelbelfast.com](http://www.grandcentralhotelbelfast.com)
